(ش.م.م)

Dear Partners and Friends,

Oriental Weavers plans to provide periodic updates on the impact of the Coronavirus disease 2019 (COVID-19) on our operations.

The security of supply to our customers is of utmost importance to us. The raw materials for our various plants are sufficient to keep them running normally in the foreseeable future. The dispatch and shipment of product to our customers' facilities remain normal.

We want to assure you that Oriental Weavers is taking the situation very seriously and assessing all possibilities. Numerous actions have been taken to ensure a safe and clean environment for our staff.

Since the beginning of the outbreak of the Coronavirus we have set up a Crisis Management Team which is closely monitoring the situation and taking appropriate actions, including precautionary measures to prevent infections at our sites globally.

As of today, we have not received any report of Coronavirus cases at any of our locations or with any employees or contractors.

Sincerely,

Yasmine Khamis

Oriental Weavers Group
